

ALTERNATIVE PRICING PLAN FOR COVID-19 SUPPORT

Ready Theatre System's owner and Chief Software Architect, Rob Chabot, owns and operates multiple independent theatres. He understands the challenges of daily operations, and is keenly aware of the difficulties posed by COVID-19. He's directed us here at RTS to implement new pricing structures to help our customers stay open and prosperous through the days ahead. We're all in this together.

We are now offering an optional alternative pricing plan to best support our exhibitor community. Instead of paying upfront annual and new license fees, now only pay when your customers purchase tickets online.

WHAT ARE MY COSTS?

Your cost will be 50 cents per ticket for all online sales.

WHAT IS REQUIRED?

1. Process EMV credit cards through our integrated processor.
2. Sell tickets online through your website, Fandango, and our mobile app.
